For kids

To allow children to quickly learn new sports, it is wise to train in a way that is both responsible and pleasant. The Airmat is a sturdy but soft mat and thus offers a fine surface for training. By softening landings, this mat makes training more pleasant and greatly reduces the risk of injury.

Convenience

Using the Airmat is very convenient. The mat can quickly and easily be put in place by one person. After use, the mat is easy to deflate by means of the supplied blower, after which the mat can be folded into a compact package.
