

Modular Obstacle Course Marble - Jump Platform

Create your unique modular storm course with the Jump Platform

Are you searching for the perfect addition to your obstacle course? Climb, scramble, and leap onto the amazing Jump Platform in a marble theme! Thrills guaranteed—after conquering the climbing element, experience a free fall downwards and safely land on the airbag. The Modular Obstacle Course Marble - Jump Platform consists of a single part easily connectable to any obstacle course bouncy castle and other JB obstacle course components. A challenge suitable for all ages!

Easily order Obstacle Course components online

With an additional component on an inflatable obstacle course, you can easily create a unique obstacle course. The more elements you add, the longer the course becomes. You can expand the parts on, among others, the 13.5 and 19-meter courses. By merging and combining with a JB obstacle course, you create your unique inflatable obstacle course. All course elements are delivered complete with a blower. Made from high-quality PVC material, it's easy to maintain cleanliness and suitable for many users. This ensures years of enjoyment from your obstacle course bouncy castle!

JB Inflatables: Leading supplier of inflatable objects
