

Vulcano run 9m

Blast over water with this pool obstacle course

This cool obstacle course for use on water immediately catches the eye. Cheerful colours, a tropical jungle theme, a distinctive design and plenty of play options: the Vulcano run is the complete package! This water obstacle course of no less than 9 metres long will deliver an experience all visitors will remember.

Certified water games

For years, JB has developed and manufactured water attractions that can safely be used by everyone. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. We provide an approved inspection certificate, a convenient log book and a user manual for all water games. To ensure the right air pressure is entered, all products come with a Bravo air pressure gauge. The Vulcano Run is airtight, which means the attraction only has to be inflated once and no continuous blower is required. The anchor points have to be fastened with appropriate anchoring materials to keep the product in place and prevent it from floating off or getting too close to other objects. The Vulcano Run also has specially designed handles for good grip – safety first!

High quality guaranteed

JB is proud of its products and, therefore, sets high demands for their quality. In order to guarantee this quality, we use high frequency welded PVC material of 900 gr/m². Not only are these materials strong and colourfast, they are also resistant to influences of chlorine and other water properties. The obstacle course is durable to use and easy to clean. The Vulcano run comes with a 1-year warranty.

Purchase this 9-metre pool obstacle course and deliver the experience your customers will remember as a splashing day of water fun.

This is why more than 15,000 customers opted for JB

For over 15 years, JB has (often literally) made people around the world jump for joy. Our team of designers, developers and logistic staff supply unique inflatable attractions such as this one in a grand way! Our customers can rely on our professional service and delivery. They tend to call us 'creators of greatness'. Experience it for yourself!
