Snap and that's it?

It goes without saying no one wants to think about being swallowed by an ocean creature... but in this case it's actually great fun! With this Obstacle Run you can create an exciting adventure inside the belly of a dolphin. But they simply slide out again through the mouth of the animal. Kids are guaranteed to be excited to take part. What an amazing experience!

Guaranteed safe play

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. We provide an approved inspection certificate (NEN-EN 15649:2009), a blower, a Bravo air pressure gauge, a log book and a clear user manual for all water games. Each of them comes with several anchor points that have to be fastened with appropriate anchoring materials to ensure the object stays in place. In short: it is everything you need in a complete package for a fantastic experience!

Premium quality with guarantees

All our water attractions are made of strong, high frequency welded PVC material of 900 gr/m2. This is how we guarantee the quality of our products. The material has a protective coating that is resistant to influences of chlorine and other water properties. This means you will purchase a durable product that is easy to keep clean to boot. We have thought of everything. The Obstacle Run Dolphin comes with a 1-year guarantee.
