

Rapid Cleaner

Not only can you use Rapid Cleaner to clean the mechanical parts of your object, but also for the PVC. The product is known for its fast and efficient cleaning of grease, dirt, carbon, oil, soot, nicotine, deposits and other stubborn stains. Rapid Cleaner not only cleans the surface, but penetrates deep into the pores to 'pull' out the dirt as it were. The active ingredient is an inorganic salt which guarantees thorough cleaning and prevents saponification and corrosion.
