

# Giant Balloon Release Orange

## Giant Balloon Release

Is your customer planning to open a new school, business premises, or shopping centre? Or are they hosting a marriage, job anniversary or an event (in-house or trade fair, neighbourhood party or village fete)? It definitely needs balloons! For instance to see whose balloon travels the farthest. In order to release the balloons in one go, you can make good use of this balloon release, which can hold no less than 800 helium-filled balloons! No wonder this mega-sized balloon stands an impressive 4 metres tall.

## Easy to set up

Both setting up the giant balloons by JB and loading those large balls with helium-filled 'mini' balloons is very easy. They set up in less than 15 minutes, which is especially easy to do with the user manual and fastening materials included. We have also developed a very simple loading system for the balloons, which is clearly explained.

## Balloon release with a 2-year warranty

JB supplies this extremely reliable inflatable balloon release in the colours blue, yellow, red and orange. We are certain this is a quality product, that is why we are happy to provide a 2-year warranty for it. And should something be broken, no problem: during those 2 years we will repair it for free.

Purchase this mega-sized balloon release as an addition to your collection and deliver the experience your customers will remember as a fun and carefree day.

More than 15,000 customers also opted for JB

For over 15 years, JB has made people around the world celebrate parties. Which we do in collaboration with our designers, developers and logistic staff, who supply unique inflatable attractions! And you are always assured of our professional service and delivery. It is for good reason people call us 'creators of greatness'!
