

Shooting Combo Pirate Bouncy Castle

Shoot the balls into the targets with the shooting cannons

Deliver children the day of their life with the Shooting combo with pirate theme! At the top of the slide there are two shooter cannons with which (on the air pressure of the inflatable) balls can be shot. There are several targets with holes inside, where the balls can be shot through. This shooting combo with pirate theme is designed by our own designers. Inside there is room to jump, play and slide. The bouncy castle has the shape of a large pirate ship. On the mast is a large 3D pirate. Jump in as fast as possible, climb up the double slope and shoot the shooters at the targets. Then you can go down again via the slide.

Convenience and Service

Set up the shooting combo with pirate theme easily within 15 minutes. For example during a theme party, school activity or event. The shooting combo small is based on the shooting combo inflatables, but is a bit smaller and therefore easier to handle. The shooting combo is delivered compact in one part and is therefore easy to transport. The shooting combo with pirate theme is delivered including two blowers, anchoring material, transport bag, two shooter cannons, 100 shooter balls and a clear manual. Everything complete for a beautiful experience.

Quality and guarantee

Our Shooter combo with pirate theme is reinforced on multiple points and stitched multiple times. The strong, high quality, colorfast PVC lasts a long time and is easy to keep clean. Our Shooting combo therefore comes with a 5 year warranty. Because of this you supply your customers with years of fun.

Buy this unique shooting combo with pirate theme and deliver your customers the day of their lives!
