

Speed Football Shooter

Speed is key!

This the Speed Football Shooter attraction, also dubbed "Big Bertha". It is an inflatable football game in which speed is key! The speedometer measures how fast a player shoots the ball into the targets. These targets are incorporated in the material covering the back wall. Try and shoot the ball into one of the holes. This game is perfect to practise your shot, but can also be used by multiple players. Do you have the fastest shot?

Easy to transport, effortless set-up

Because the material covering the back wall is detachable, the Speed Football Shooter can also be used as a regular goal. The Speed Football Shooter effortlessly sets up within 10 minutes, which means it can be used for a variety of parties and events. The speed shooter comes in one part, which makes it easy to transport. This inflatable is conveniently supplied including a blower, anchoring materials, a transport bag, speedometer and a clear manual. In short, the complete package for a wonderful experience.
