

Golden 50

50: a golden age, both literally and symbolically

If someone turns 50, it is also referred to as the golden age. In any case, it is an age worth writing in huge golden numbers. And that is literally what your customers will do with these wonderful golden-yellow numbers. So why not put up this 50 in the garden of a family member, friend, sports buddy or colleague? Or on their drive-ways? It will be clear to anyone a memorable party is celebrated. Adding this golden 50 to your product range, means offering a great alternative for the many inflatable giant Abraham and Sarah figures commonly used in the Netherlands – although it goes without saying JB supplies those too!

Ready, set and go within 5 minutes!

These mega numbers (standing an impressive 4 meters tall) are set up within 5 minutes (in the garden, on a drive-way, or as an eye-catcher for a company or party venue). As a standard, JB supplies all inflatables in the collection with a user manual, a blower, anchoring material and a transport bag conveniently included.

Premium quality with a 5-year warranty

JB inflatables are premium quality. For that reason, we feel comfortable providing a 5-year warranty for them. However, in the event something does go wrong, we have our own repair service. Not to worry, we are certain this inflatable golden 50 will provide years of enjoyment because they have several reinforced tension points and are multiply stitched. They are made of high-quality PVC to boot.

Purchase these giant and super strong mega numbers and give your customers an experience to remember for the rest of their lives!

More than 15,000 customers also opted for JB
