

Small slide Shark

Make a splash!

This super fun water slide shaped like a shark is a quick and fun addition to every pool. The slide is airtight, which means it only has to be inflated once and no continuous blower is required. Climbing...sliding... again and again! Kids never get tired of it.

Safety first

JB develops and manufactures attractions that can safely be used by all players. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. We provide an approved inspection certificate, a log book and a clear manual for all attractions. To ensure the right air pressure is entered, all products come with a Bravo air pressure gauge. The anchor points have to be fastened with appropriate anchoring materials to keep the product in place and prevent it from floating off or getting too close to other objects. It is everything you need for a fantastic experience.

Durable and easy to clean

JB sets very high demands for its products. In order to guarantee quality, we use high frequency welded PVC material of 900 gr/m2. Not only are these materials strong and colourfast, they are also resistant to influences of chlorine and other water properties. This means you can rest assured the products are durable and easy to keep clean. The small slide with a shark/dolphin/clownfish theme comes with a 1-year warranty.

Purchase this inflatable pool slide and deliver the experience your customers will remember as a splashing day of water fun.

The proof: well over 15,000 customers also opted for JB

For over 15 years, JB has made people around the world jump for joy. That's right, more often than not literally! Our team of designers, developers and logistic staff supply unique inflatable attractions in a grand way! That is exactly why our customers are assured of our professional service and delivery. Therefore, they tend to call us 'creators of greatness'.
