

# Aqua Run Adventure 17m

## 17 metres of playing fun

Not only is this enormous Adventure Mega Run XL water obstacle course the longest run in our product range, but it is also the most challenging. Because of its length (17 metres!) and teasingly challenging obstacles not everyone will make it to the finish line of this course. Only the best players succeed in conquering this water obstacle course Adventure Mega Run XL. The run features a climbing wall, enormous balls, various obstacles and a slide, among other things. Exiting and fun to play on, but also to watch!

## Safe play is our priority

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. We provide an approved inspection certificate (NEN-EN 15649:2009), a blower, a Bravo air pressure gauge, a log book and a clear user manual for all water games. Each of them comes with several anchor points that have to be fastened with appropriate anchoring materials to ensure the object stays in place. In short: it is everything you need in a complete package for a fantastic experience!

## JB stands for premium quality

All our water attractions are made of strong, high frequency welded PVC material of 900 gr/m2. This is our way of guaranteeing the quality of our products. The PVC material has a protective coating that is resistant to influences of chlorine and other water properties. This means you will purchase a durable product that is easy to keep clean to boot. We have thought of everything. The Adventure Mega Run XL comes with a 1-year warranty.

Purchase this versatile 17 metre long pool obstacle course and deliver the experience kids will remember as an extremely exciting day!

## Rely on JB, just like more than 15,000 customers have done before you

For over 15 years, JB has made people around the world jump for joy. That's right, more often than not literally! We are proud of our team of designers, developers and logistic staff, because they supply unique inflatable attractions in a grand way! Our customers are, therefore, assured of our professional service and delivery. They tend to call us 'creators of greatness'.
