

Blower REH-1,5E deflator

Adapter for extra powerful deflation REH-1.5E

It goes without saying that you - a rental company - keep several (extra) blowers in stock. Obviously REH-1.5E should be one of them, because it is a top device for both mid-sized and very large bouncy castles or inflatables. To offer even better services to your customers, your blower can be equipped with this special deflator, which makes it quick and easy to draw air out of the inflatable object.

The adapter piece perfectly fits the blower. Read more about the REH-1.5E [here](#).

A 1-year warranty on our premium quality blower

As you have come to expect of JB-Inflatables, we exclusively go for the best products. Not only does this apply to our attractions, but also to our tools and their accessories. Like this deflation adapter for one of our most popular blowers. Therefore, we comfortably provide you with a 1-year warranty for this product.

JB: 15,000 enthusiastic customers in 15 years

JB has been in business for 15 years now. For 15,000 people around the world, we have delivered items to help them celebrate festive occasions. Our team of designers, developers and logistic staff want to make it a unique experience for everyone. And with us you are always assured of our service and high-quality delivery! It is for good reason people call us 'creators of greatness'!
